---

keeps small items from getting misplaced. The Stable-Vee hull design ensures a smooth, comfortable ride across the full range of RPMs. Seating is ample and versatile, with adjustable hi-low seats at the stern, and a back/back lounge on the port/passenger side. In the cockpit, new bucket seats are more accommodating than ever before. And at the bow, a wrap-around backrest and forward backrest are standard. Of course, seats feature Aquaflex vinyl, tops in marine-grade upholstery, and the cockpit includes plush snap-in carpet over a fiberglass liner. The H190 also fits nicely in the garage, thanks to the swing-away tongue design of the Sure-Load trailer. Four Winns is one of the only boat manufacturers in North America to manufacture its own trailers, so buyers can be assured of great stability with the low-profile, bunk design that keeps the boats center of gravity low. Tops in safety, this Four Winns trailer is equipped with brakes and built-in ratchet straps. Because it has been custom-designed to fit the running surface, launching and loading are quick and easy. Ideal for saltwater use and long-hauls, the galvanized trailer with GatorHyde is available for even greater durability.
