The Appelflap Noseless is a modern approach to a more traditional wave kiteboard. Narrow tail with pinched rails for optimal control at high speeds and in bigger surf. With a decent amount of rocker so the board doesn't nosedive when coming down a wave. A wave kiteboard designed for control when you need it most. If high wind and big waves is your playground, than the Appelflap Noseless is your perfect partner!

5.3" / 21.7 liter. Als nieuw, drie keer op
