

## Fortiwifi 60C (35 EUR)

Locatie **Noord-Brabant, Roosendaal**  
<https://www.advertentiax.nl/x-1271932-z>

Fortiwifi 60C in goede conditie.

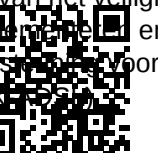

Ik heb een nieuwe netwerkomgeving gebouwd en deze is niet meer actief.

Dual 10/100 WAN/1000 ports, 10/100 DMZ port, 5-port 10/100/1000 internal switch, Internal Storage and ExpressCard slot.

De FortiGate-60C security appliances bieden complete enterprise-class bescherming voor kleine locaties, kantoren, customer premise equipment (CPE) en retail netwerken. Een geïntegreerde set van essentiële beveiligingstechnologieën beschermt al uw toepassingen en gegevens. Een geïntegreerde beheerconsole, een reeks van interface-opties (inclusief modem, draadloze breedband, en ADSL-A), evenals mogelijkheden voor extern beheer aanzienlijk verminderen aanschaf, implementatie en administratieve kosten.

### FortiGate-60C Kenmerken & Voordelen

Leverd toonaangevende 1 Gbps firewall doorvoer met 2 GbE-WAN en 5 GbE ingeschakeld LAN-interfaces  
 FortiWiFi-60C/CM biedt dual-band-mogelijkheden en ondersteuning voor 802.11a/b/g/n standaarden om de compatibiliteit te garanderen met uw bestaande draadloze infrastructuur  
 Rijke functionaliteit om de volgende generatie te beschermen met toepassingsbeheer, ingebouwde draadloze controller, lokale logging, en endpoint policy enforcement  
 IPv6-ready platform met sterke authenticatie-

|                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |
