

Production Employee

Locatie **Utrecht, Utrecht**
<https://www.advertentiax.nl/x-1275641-z>

Sinds de oprichting in 1938, richt Nedal Aluminium zich op het produceren van hoogwaardige aluminium profielen. Daarnaast is de productie van lichtmasten en vlaggenmasten een steeds belangrijker rol gaan spelen. Ook kan de productie van Aluminium geleidingsbuizen (busbars) gezien worden als een typische Nedal specialiteit. Nedal Aluminium heeft 3 extrusiepersen, waardoor een breed programma van aluminium profielen kan worden geëxtrudeerd. Profielgewichten tot 100 kg per meter, in diverse legeringen en tot wel 30 meter lengte, behoren tot de mogelijkheden. De 230 medewerkers beschikken over een grote ervaring en kennis van complexe profielen, welke wereldwijd geleverd worden aan de meest uiteenlopende markten.

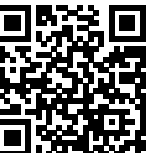

Job Description

As a production employee, you and your colleagues are responsible for handling the aluminum profiles. You ensure that the customer receives the profiles in the way they want. Packing, measuring, sawing, checking for quality and reading packing drawings are part of your daily work. There is also the possibility of growing from this position to, for example, an operator.
