

## Gezocht 2 bouwers

Locatie **Noord-Brabant, Ossendrecht**  
<https://www.advertentiax.nl/x-1284311-z>

Gezocht in regio Ossendrecht, 2 aanpakkers, ben je leerlingen voor de bouw, wil je gewoon aanpakken, iets anders doen of ben je tussen banen, en wil jij onder begeleiding van zeer ervaren timmerman een nieuwbouw huis bouwen? Neem dan contact met mij op.

Hier kom je in aanraking met alle facetten van de bouw, van fundering tot dakwerk.

Je bouwt een prachtige moderne villa op een unieke locatie. Je bent niet continue bezig met eentonig werk, maar je begint vanaf de fundering mee te werken aan dit fantastische project. Van metselwerk, timmerwerk, prefabricatie en afwerking. Alles komt aan.

|                                                                                                                                                                                                                         |                                                                                                                                                                                                                          |                                                                                                                                                                                                                          |                                                                                                                                                                                                                          |                                                                                                                                                                                                                           |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |
