

## Peugeot 206CC 1.6 110pk automaat nieuwe apk, topstaat (3.495 EUR)

Locatie **Zuid-Holland, Waddinxveen**  
<https://www.advertentiax.nl/x-1286415-z>

Hierbij bied ik deze Peugeot 206cc aan uit 2002 en heeft nog maar 71.125 gereden.

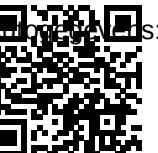

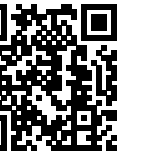

De Peugeot is afkomstig van de tweede eigenaar die hem de afgelopen 9 jaar in de garage parkeerde. Daardoor is de auto in zeer goede staat. De historie is aanwezig en inzichtelijk.

Deze 206 cc is zeer compleet uitgerust met:

- ? Automatische airconditioning
- ? 16 inch originele velgen
- ? Licht sensor
- ? Leder interieur
- ? Radio met Bluetooth en USB
- ? Elektrische ramen
- ? Elektrisch verstelbare spiegels

De auto is werkelijk in een hele goede staat en er is zeer netjes mee omgegaan. Dat zie en voel je direct. Het interieur is netjes en auto heeft geen schade. Enkel kleine gebruikerssporen.

Alle elektronica en het elektrische dak werken 100%. De auto heeft geen storingen en de airco werkt perfect. Ook de automaat schakelt zeer soepel. Tijdens het rijden merk dat je er zorgvuldig mee om is gegaan. De distributieriem is bij 62.646km vervangen volgens schema.

|                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                                   |
