5 bay raid station

The 5-Bay RAID Station is an external enclosure for five SATA hard drives, which support the memory modes Clean/Single, Large, Clone as well as RAID 0, 1, 3, 5, and 10. The case of the RAID station consists of solid SECC steel. The front door is made of ABS plastic, and located behind this, is the hard drive mounting frame, where hard drives in 2.5" or 3.5" format can be screwed into place. The mounting frame itself is simply inserted into the housing and.
