Need to sell my 15 months old phone as I plan to buy a new one through my company. Was bought from belsimpel and is now completely paid off. Have the original packing and the box. The phone is currently in my use and is in as good a condition as the time of purchase. There are no region locks on the phone. Refurbished value for the phone online is 450 (I bought for around 550). Collection or sending both are possible.

You can return if it doesn't work within two.
