

# Chrysler Town amp Country 2008 Bruin (9.950 EUR)

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-1321218-z>

Dit is een echte gezinsauto. 7 volwaardige plaatsen in leder, met twee uitklapbare schermen waarmee je films kunt kijken. Ideaal voor lange ritten met kinderen  
 De kofferruimte is daarbij immens. De 4.0 zescilinder geeft enorme trekkracht, zonder dat hij lawaaiig is. De deuren gaan elektrisch open en de stoelen kunnen verwarmd worden.  
 Een heerlijke auto voor de lange afstand en getooid in een chique champagnekleur. Je voelt je koning van de weg.  
 Waarom is deze auto dan zo goedkoop? Helaas moet de koppaking vervangen worden en dit is een reparatie van rond de 2500 euro.

Afgezien van deze reparatie is deze auto perfect en heeft onlangs nog een beurt.

|                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                         |
