TERA is the simplest solution for home growers who focus on productivity. It is a linear lamp, but not all white as other home grow lights, TERA has red and blue LEDs, and you can dim two colors separately. It comes with two hooks and a cable so that you can easily attach and hang it above your herbs. It also has four different modes, which present proper light intensity for lettuce, herb, flower and others. You can simply convert modes by pressing a button on the control panel of TERA.
