

Chevrolet Camaro ZL1 Supercharged 10 speed gt 700pk (75.900 EUR)

Locatie **Noord-Holland, Amsterdam**
<https://www.advertentieX.nl/x-1325008-z>

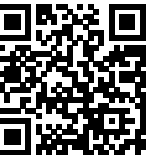

The fastest, quickest and most powerful production Camaro ever, with the most powerful production engine ever offered in a General Motors vehicle.

Sculpted to perfectionEvery angle and contour of ZL1 has been sculpted to improve performance. Massive upper and lower grille openings allow for maximum cooling, while aerodynamic enhancements like a carbon-fiber hood air extractor and a three-stanchion spoiler help to decrease lift.

A driver’s cockpitThe cockpit of ZL1 features standard RECARO® performance seats with sueded microfiber inserts and bolsters designed to help reduce arm interference during quick shifts along with technologies like a Head-Up Display, designed to put the information you need right where you need it.

Hold nothing backAt the heart of this beast sits a track-dominating supercharged 6.2L LT4 V8 offering > 700 horsepower and > 700 lb.-ft. of torque. Thanks to the custom tune and Roto Fab custom intake. To help you turn that raw power into precision, performance technologies like Magnetic Ride Control™ and eLSD help intensify the driving experience while cutting time from your laps. And with the available 10-speed paddle-shift automatic, you’ll get nearly instantaneous shifts for maximum performance.

BrakingLarge Brembo® 390 mm x 36 mm 6-piston front and 365 mm x 28 mm 4-piston rear rotors give ZL1 precise braking and stopping distance while resisting fade.

Magnetic Ride ControlStandard Magnetic Ride Control™ technology reads the road and changes damping in less than 5 milliseconds. You don't just corner, corners are dictated in milliseconds. Sustained suspension control keeps each corner flat, the suspension can maximize wheel contact, reduce body roll, instantaneously adjust to bumps and potholes.

Performance Limited Slip DifferentialAll-terrain tires with the Performance Traction Management system (Coupe models only) helps you achieve quicker lap times by providing high-speed stability and optimizing turn-in response and corner exit speeds.

Prepare to launchCustom Launch Control modes engine torque for optimal acceleration off the line. Need maximum grip at the start strip? Warm up your tires using Line Lock, which lets you lock the front wheels to enable the rear wheels to spin. This feature is intended for use during closed-course race events.

This ZL1 is close to new with only 33.124km! It's full serviced with 24.100km (including the updated oil pump according to Chevrolets service bulletin) new brakes and tires. Around 30.000km it received medium maintenance.

Export price € 60.950,-Website www.velocityclassics
