The iiyama ProLite XU2493HS-B4 is a 24-inch Full HD monitor that's suitable for all your daily tasks, both at home and at the office. Thanks to the extremely thin bezels, the monitor is suitable for a setup of 2 or more screens. So you can increase your screen space and open multiple windows and programs side by side. This iiyama monitor has an IPS panel, so you can see sharp and vibrant images from every viewing angle. Even if you're watching a movie and aren't right in front of the screen. If you want to work late, you won't get strained eyes as quickly thanks to the Flicker Free technology and the blue light filter. Want to watch a movie after work? You won't need extra speakers thanks to the built-in speakers. That's also useful if you want to listen to music while working.

Pros

- The bezels are very thin, which makes this monitor suitable for a setup of 2 or more screens.
- Thanks to the IPS panel, you can see sharp images and realistic colors from every viewing angle.

Cons

Due to the 75Hz refresh rate and 3ms response time, the monitor isn't very suitable for gaming.
