Te koop aangeboden Unifi Cloudkey gen2 + wegens overstap op Dream Machine...

Ik heb het harde schijfje overgezet, dus je moet er zelf een disk in zetten...

Van de leverancier:

The Cloud Key Gen2 Plus (UCK G2 Plus) is a compact, powerful UniFi OS Console with pre-installed UniFi Network and Protect applications and an upgradeable, 1 terabyte (TB) hard disk drive (HDD).

Manage your UniFi devices simultaneously with the new multi-application UCK G2 Plus. Designed for easy deployment, the UCK G2 Plus can be quickly configured with UniFi's Protect and Network mobile apps. Review real-time network and device insights concisely presented on the console's front panel display and safeguard your entire UniFi system from sudden power loss with its built-in battery. Enhance your camera security and recording retention with the included 1 TB HDD, or easily upgrade to a compatible 5 TB model for longer storage retention.

Features:

Compatible with the free UniFi Network and Protect applications
 Simple, Bluetooth-powered console setup via the Network and Protect mobile apps
 Powered by PoE or QC 2.0 USB-C
 Built-in battery for automatic safe shutdown

Pre-installed 2.5" 1 TB hard drive that can be upgraded to 5 TB
 Front panel display that shows real-time network and device insights
 Review real-time network and device insights concisely presented on the console's front panel display and safeguard your entire UniFi system from sudden power loss with its built-in battery.
