Te koop 4m Cabrinha Contra 1 strut uit 2022. 1 keer gebruikt deze zomer dus als nieuw!

Foto's volgen...

Perfect for any rider that wants to extend their game into the lightwind arena with a responsive, lightwind kite

Lightweight 1 Strut design
 Heavy duty closing seam construction
 Nano Ripstop Canopy, the benchmark in durability, stability and responsiveness
 High Tenacity Dacron for enhanced arc stability and improved handling characteristics
 Strategic canopy reinforcements in the high stress areas
 Pure profile panels for efficient aerodynamics
 Agile and responsive steering for increased power delivery
 Superior drift characteristics and underpowered steering response
 Effortless relaunch in the lightest of wind conditions
 The Contra 1 Strut has quickly garnered a reputation as one of the best kites for lightwind freeriding and has proven a versatile addition to any kite quiver.

With its single strut design, this light and nimble kite allows the use of much smaller sizes to maximize foilboardings true potential. Featherweight control and amazing drift characteristics allow for low angles of attack while on foil, and the rear line tension increases steering impulse even when depowered.

This dynamic kite design will put an optimized Contra light wind kite in your hands whether you ride a twin tip, surfboard, or a foil.
