Lovely restoration on this 1921 Harley Davidson Model F. 989cc V twin. Not one nut was left untouched, it is a very thorough cosmetic and mechanical rebuild. Having driven approximately 500kms since the restoration, the HD remains in very good, near mint condition. The restoration was done by a very experienced restorer of vintage American motorcycles.
 The HD Model F works faultlessly and will cruise along steadily for an entire day if need be.

Correct Corbin speedo with dial in kilometers.
 Complete acetylene light front and rear.
 Passenger seat comes with the bike but is not fitted.

A correct 1921 Harley Davidson sidecar comes with the bike but is currently dismantled. Frame, chassis, wheel rim and the mudguard has been painted and striped together with the bike. The seat of the sidecar has been upholstered in medium brown leather. Only the original hub needs to be laced to the newly painted rim, everything else is ready for assembly.

Registered with current EU documents.

Please get in touch for more info, photos and a video of the bike running.
