work on innovations every day. They do this by combining scientific insights with technological knowledge. In this way they make sustainable contributions to solving the world's most pressing problems, such as the need for clean drinking water, the generation of renewable energy and improving agricultural productivity. Dow's history in the Benelux began in 1955 with the opening of a trading post. Today, Dow Benelux has grown into a leading player. Approximately 2,000 passionate employees work from 6 branches and 20 factories in the Netherlands and Belgium on leading products and solutions. Plastics and chemicals produced in Benelux find their way to customers and markets around the world. The heart of Dow in the Benelux is in Terneuzen. With 17 plants and around 1700 employees, Dow Terneuzen is the second largest production site of the Dow Chemical Company. As one of the largest employers in Zeeuws-Vlaanderen, Dow contributes to the economic and social success of this region.
