 Please do not hesitate to contact me if you have any queries or like to discuss the price in a civil manner.

Selling my beloved bike HONDA NC700X, registered as A2. This motorbike was originally licensed as an A (heaviest class) motorcycle, but it has now been restricted to A2 (middle class). Making it is as powerful as it is legally permitted to be for an A2 motorcycle license (35KW), with the restriction being only 3KW. However the restriction can of course be removed if needed.

This model is an extremely reliable and fuel-efficient motorcycle, and is incredibly comfortable. It comes in two types, either manual or automatic, and the one I am selling is a manual (with a clutch lever) one. The condition of the motorcycle is mint, as it has never been dropped, scratched, or damaged in any other way. It has always been taken great care of and annually serviced, with the most recent service being last summer. Front brake pads, oil, and radiator coolant are examples of components that have been maintained or replaced during my ownership.

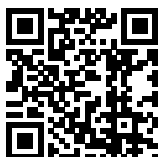

Some of the luxuries of this particular motorcycle are:

- Integrated storage area (big enough for a helmet)
- Extreme fuel-efficiency

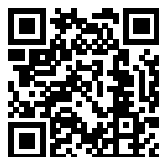

- High torque
 - 23000 sound
 - The center of the bike making the bike incredibly stable
 - The bike comes with a lot of accessories to make it more comfortable.

The motorcycle is equipped with numerous accessories, namely:

- Full size wind deflector
- Gear indicator
- Heated grips
- Cruise control
- An extension for front fender
- Crashbars, incl. bumper/blocks for it
- Aftermarket exhaust (https://youtu.be/OpXxDB98iA, SOUNDS AWESOME!)
- Center stand
- Side luggage holders incl. the luggages
