## BMW MOTORPAK TOURSHELL

- ? Sportief, waterdicht toermotorpak voor het hele jaar
- ? Slijtvast, gelaagd Dynatec Comfort als Z-liner-constructie
- ? Wind- en waterdicht en ademend BMW klimaatmembraan
- ? NP2-protectoren voor rug, schouders, ellebogen, heupen en knieën (in 3 standen in hoogte verstelbaar)
- ? Waterdichte ventilatieritssluitingen op het bovenlichaam
- ? 3D spacer weefsel op de rug
- ? Breedteverstelling bij de kraag, mouwen en taille via klittenband
- ? Gevoerde elastische inzetstukken op de schouders, band van het jack en boven de knie voor een optimale Pasvorm
- ? 2 waterdichte buitenzakken op jack en broek, 2 binnenzakken in het jack (waarvan 1 smartphonezak met inspectievenster en kabel geleiding), 1 niet-waterdichte zak op de linkermouw
- ? Optimaal combineerbaar met het gevoerde jack Ride
- ? Reflecterend materiaal op jack en broek voor goede zichtbaarheid

|                                                                                                                                                                                                                              |                                                                                                                                                                                                                               |                                                                                                                                                                                                                               |                                                                                                                                                                                                                               |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |
