Bedrijfsomschrijving

Nouvall Engineering Services is specialized in project support for the (petro) chemical and maritime industry. We provide expertise in the field of Engineering, Project Management, Maintenance, Shutdowns, Construction and Safety.

Functieomschrijving

The Cost Estimator:

- Prepares estimates for new projects
- Collects and analyses data in order to estimate project costs and man hours required
- Calculates, analyzes, and adjusts estimates and recommends ways to reduce costs
- Maintains records of estimated and actual costs.

KEY ACCOUNTABILITIES

- Reviews offered specifications of budgets in collaboration with the Proposal Engineer and on the basis of project specifications.
- Requests for manhour costs for projects at internal departments.

- Assesses quotations from suppliers and manhour costs offered by departments.
- Collects and fills a database with key figures and with technical and purchasing information.
- Analyzes actual incurred costs in projects from which key figures can be generated.
- Works with stakeholders through the project process to achieve market competitive project pricing. This includes coordinating with the purchasing department and providing support to commercial colleagues by providing expert knowledge in the field of both calculation and ship building developments.
- Contributes to the further development of the P&P department.
- Ensure HSEQ policies and procedures are understood and followed to ensure a safe and healthy work environment.
