Hello everyone, I'm selling my old laptop it's an HP Pavilion 15-po20x

Specifications:

Processor: AMD Quad-Core A10-5745M APU with Radeon HD 8610G Graphics (2.1 GHz, 4 MB cache)

RAM: 8 GB 1333 MHz DDR3 SDRAM (1 x 8 GB)

Hard disk: 1 TB 5400 rpm SATA

Display: 39.6 cm (15.6") diagonal HD BrightView LED-backlit (1366 x 768)

Graphics card: AMD Radeon R7 M260 Graphics

Operating system: Windows 8

Keyboard: English & Arabic

Condition:

- I was applying a screen protector to the screen and plastic cover to the body of the laptop so they are in very good-looking condition.

-The keyboard has multiple signs of used.

- I renewed the battery but the new battery is not probably fully compatible to the laptop and therefore I don't know why but the screen won't switch on unless you remove the battery and put it again before switching on the computer after that it works perfectly well so if you want you can try to get another one, it costs around 25 euros.

I will give it to the highest.
