

Dell Inspiron 14 2-in-1 Laptop (950 EUR)

I bought this Dell 'slightly' customized 2-in-1 with foldable touchscreen laptop (16gb RAM instead of the standard 8gb and 512 gb SDD storage instead of 256gb), then ended up buying another one. Since this one was a custom and more powerful version, I cannot return and hence selling brand new product for lower price than I purchased. The 1-month old laptop still remains in the box, untouched and comes with full guarantee.
