

## Prachtige Aprilia Tuono 1000r Laatste week (4.250 EUR)

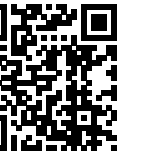

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentiax.nl/x-1399517-z>

Zwarte Aprilia Tuono 1000r 2007 Gen 2, zeldzaam mooi. Fantastisch en oerdegelijk blok ontwikkeld door Rotax.  
 Afgesteld op 142pk.  
 Nette exemplaren worden steeds zeldzamer.  
 Zeer nette staat incl onderhoudshistorie met facturen.  
 Met carbon onderdelen waaronder hugger, heel pads, voorspatbord, uitlaatsteunen etc.  
 Akrapovic dempers incl originele dB killers.  
 Puig hoog scherm  
 K&N luchtfilter  
 Ohlins stuurdemper  
 Lage km stand 31xxx  
 Originele onderdelen aanwezig: oa passagierszitje en voetsteunen, verstelbare hendels, laag scherm en gereedschapsetje.  
 Opstappen en rijden.

Geen testpiloten svp, proefrit is enkel mogelijk bij serieuze interesse.  
 Goed bod wordt overwogen.

Evt inruil bespreekbaar:

|                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                  |
