Ongebruikt en geheel nieuw in de verpakking.

Productspecificaties:

Wall-mounted UniFi OS Console with a security gateway, high-speed access point, network video recorder, and a PoE switch with a versatile networking interface.

The Dream Wall and Dream Wall Pro (UDW/UDW Pro) are wall-mounted UniFi OS Consoles that serve as standalone, space-saving deployment hosting solutions. Each of these feature-rich, next-gen consoles are equipped with a variety of multi-gigabit WAN/LAN ports to support high-speed connectivity, along with a wealth of GbE RJ45 ports that deliver PoE, PoE+, and PoE++ output. The UDW and UDW Pro also have a built-in, dual-band access point with a 2.7 Gbps aggregate throughput rate to give you the power to build reliable, fast networks that support a variety of local and remote clients. Designed to deliver the most streamlined network management experience to date, both consoles also have a LCM color touchscreen for convenient status monitoring and a built-in Bluetooth management radio to expedite your setup and configuration process via the UniFi Network application (web/mobile).

Dream Wall Features:
Wall-mountable UniFi OS ConsoleDual-band WiFi radio with a 2.7 Gbps aggregate throughput rate (2.4 GHz: 800 Mbps / 5 GHz: 2.4 Gbps)Dual WAN ports (10G SFP+ and 2.5GbE RJ45)Main 10G SFP+ WAN port(8) GbE RJ45 LAN ports(15) GbE LAN ports, including (12) PoE, (4) PoE+, and (1) PoE++ portsIntegrated Bluetooth management radio to streamline setup1.3'' LCM color touchscreen(Includes power adapter, screw anchors, and a power cord)128GB internal storage for UniFi OS Application experienceMicro SD memory card expansion slotSupports redundant power
