te koop HP ProCurve 2600-PWR PoE 8 Port Switch J8762A
 Geen rackmount

Specs:

The ProCurve Switch 2600-8-PWR is a fully managed stackable switch with 8 auto-sensing 10/100 PoE ports and one Dual personality Gigabit uplink. With integrated PoE and enterprise level software features in a low-density form factor.

This switch is more cost-effective and has better functionality to support wide deployment of wireless access points. It is also ideal for small workgroups or remote offices that require general network connectivity and PoE for IP phones and access points.

The switch can provide 15.4 W of power per port simultaneously on all 8 10/100 ports, is IEEE 802.3af-compliant, and supports most of Cisco's pre-standard PoE.
