I sell my Yamaha 25 hp autolube, 3 cylinders, 2-stroke engine. Has afstandsbediening and electrical start. Long shaft.

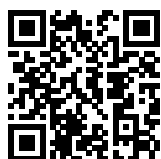

The engine starts very easily and drives great - I reached 37 km/h with the boat in windy and wavy weather last week, take a look at the photos. The reason I sell it is that I don't have a license(vaarbewijs) and I'm not allowed to sail my boat with this engine. I have to change it with a smaller one.

The engine is at home in Nieuw-Vennep and it is available for a view and test! I have a video of the engine running at home(the last photo). If you want I can send it via.
