

## Opslag ruimte en ook camperstalling te huur

Locatie **Overijssel, Nijverdal**  
<https://www.advertentiax.nl/x-1420735-z>

Foto 1 t/m 5, loods van 11 bij 12 meter voorzien van schuifdeur, 3 meter breed. Goed verlicht, maar niet geïsoleerd. Goed afsluitbaar en goede sociale controle. (Kracht)stroom in overleg mogelijk. Hefbrug hoort er niet bij. Omgeving Nijverdal.  
 Foto 6 Camperstalling 3x7,5 meter. U kunt er ten allen tijden (overdag)zelf in en uit rijden, zonder dat dit gemeld hoeft te worden, zo vaak u.

|                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                   |
