I am selling my private 2021 Lieuwe board with a beautiful and unique design.

The board comes with handle and fins. No pads and straps.

The board has been used for less than a year. It has some basic scratches, nothing serious.

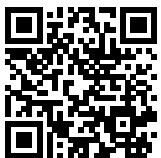

I have the board in Poland. Unfortunately I don't plan to go to the Netherlands very soon, but I can send the board from here.

The price is 600€ and it includes.
