

## Autoradio ford plus achteruitkijk camera (130 EUR)

Locatie **Noord-Holland, Huizen**  
<https://www.advertentieX.nl/x-1433957-z>

Hierbij verkoop ik mijn gloed nieuwe autoradio omdat ik hem een 3 maanden geleden gekocht alleen het paste net niet in mijn auto i.v.m. ik een oude ford heb. Er zit een achteruitkijk camera in die ik in de auto gebouwd kan worden.

De afmetingen zijn  
 Breeete: 23cm  
 Hoogte: 12cm  
 Inbouwdiepte : 20cm

### Specificaties

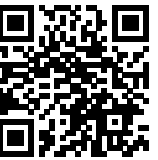

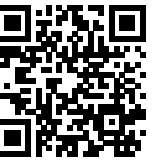

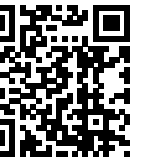

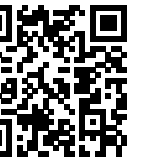

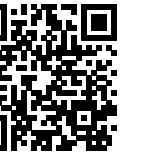

7 inch HD Touchscreen

FM/AM radio

Bluetooth

talen: NL, ENG, DU, FRA

handsfree bellen, voor iPhone, Android en Windows

|                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |
