I am selling this car as an owner so that you will pay an actual price without any extras. I am selling this car because I plan to switch to an electric vehicle. I am the only owner of the car and I took care of it - excellent condition carefully maintained from the beginning (all service checks were done in time at official dealerships), with only premium diesel in the tank. 2.0l Turbo Diesel, 110 KW, 150 HP. It is a powerful car but takes only ~5.5l/100km. It is EURO6 standard for diesel and currently, NL introduced some restrictions for everything lower than EURO4, so there is still a lot of time to enjoy this car. The last APK check was done on 07.2022. Last service check - Autumn 2022. Two sets of tires (summer and winter) are.
