

PaceBook PaceBlade D110 Touchscreen Wireless Tablet PC (375 EUR)

Locatie **Noord-Holland, Amsterdam**
<https://www.advertentiox.nl/x-1447461-z>

De computer is nieuw, nooit gebruikt, in originele doos, die inmiddels enigszins vergeeld en verweerd is.

De voeding ziet er gebruikt uit, maar is het niet, deze is standaard bijgeleverd in de doos.

Doordat de computer al geruime tijd is opgeborgen, is de bovenkant van het beschermetui, gemaakt van kunststof, aan de plastic beschermzak gaan vastplakken.

Dit heeft tot gevolg gehad dat de bovenlaag van dit etui op enkele plekken beschadigd is geraakt, gerimpeld is, en dat er plastic is vastgeplakt op de bovenkant van het etui.

Ook is het Paceblade doekje ietwat besmukt.

Specificaties:

Processor:
 Intel Centrino Pentium M ULV 1.1GHz
 Operating System:
 Windows XP Tablet Edition
 BIOS System:

Phoenix, ROM Plug & Play, ACPI Compliant

1GB
 50 HD
