

# HP Procurve Switch 1700-24 (10 EUR)

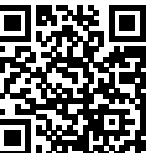

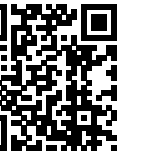

Locatie Overijssel, Hengelo  
<https://www.advertentiax.nl/x-1450164-z>

Deze goedwerkende HP Procurve Switch bied ik te koop aan, omdat wij hem niet meer gebruiken. Dan maak ik hier liever iemand anders blij mee. Deze switch ziet er nog perfect uit en is zo goed als nieuw.

De poorten die hierin zitten, heb ik voor je opgesomd:  
 2x Ethernet 1Gbps22x

|                                                                                                                                                                                                                           |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |                                                                                                                                                                                                                            |                                                                                                                                                                                                                             |                                                                                                                                                                                                                              |                                                                                                                                                                                                                              |                                                                                                                                                                                                                              |                                                                                                                                                                                                                              |                                                                                                                                                                                                                              |
