

Maintenance Field Planner

Locatie **Zeeland, Terneuzen**
<https://www.advertentiex.nl/x-1452218-z>

For a client in Zeeland, we are looking for a Maintenance Field Planner.

Bedrijfsomschrijving

Nouvall Engineering Services is specialized in project support for the (petro) chemical and maritime industry. We provide expertise in the field of Engineering, Project Management, Maintenance, Shutdowns, Construction and Safety.

Functieomschrijving

As a Maintenance Field Planner (Mechanical and/or E&I) you will create job packages from the work order scope which contains all the information regarding required labor material and services to ensure safe, effective, and efficient execution of the work. For this role, broad technical skills in analytical/scientific methods or operational processes to perform a defined array of activities is required. You may act as an informal resource for team members with less experience.

What are you going to do?
