

# HP Microserver Gen8 16GB E31260L 2.40GHz3.3GHz (200 EUR)

Locatie **Noord-Holland, Amsterdam**  
<https://www.advertentieX.nl/x-1455334-z>

tstar\_borderMijn beloved HP Microserver Gen8. Sad to see her go, but I've moved to a small cluster of Lenovo Mini PCs.

Has had several applications over the years including a general hypervisor, dedicated NAS etc.

Since buying it brand new in the UK, I've upgraded it to 16GB of RAM and with an E31260L (it originally had a Celeron I believe).

It also comes with HPE's official 32GB SD card; I'm not quite sure what you would use it for, I tried running Windows on it, but it wasn't very successful lol.

This server comes without hard drives.

Don't hesitate to ask questions (in English is better for me). I tried to add as many usable images of the server and its iLO pages as possible.

Pick up in the Oosterpark neighborhood of Amsterdam, but can also be during the day at the.
