

## Te koop motor kruiser 10,50meter x 3.30 (9.500 EUR)

Locatie **Limburg, Egchel**  
<https://www.advertentiax.nl/x-1457113-z>

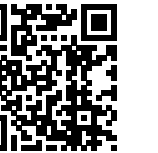

Wegens inruil verkregen,

Opknapper motor kruiser. Voor de klusser die in de zomer lekker wil varen.  
 Er is veel metaal vervangen door rvs. Interieur moet opgefrist worden en buitenkant verdient aandacht.  
 Aandrijving word verzorgd door een oersterk Daf 615.

- Heeft een toilet met vuilwatertank.
- Webasto kachel
- Victron accu lader
- Plaats voor 2 persoons bed
- Heeft 2 start accus en 2 onderhoud accus.
- Heeft binnen en buiten besturing.
- Vaart netjes en heeft een boegschroef.
- vormer
- gasFornuis
- koelkast
- Zwemtrap en Plateau

Boot moet spoedig weg omdat ik geen haven plaats heb. Kan gewoon mee gevaren!

|                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                               |
