Nooit iets mee gedaan, naast het vervangen van twee dode CPU's. Alle vier CPU's, 32 GB memory en 2 HDD's worden herkent door de BIOS.

Spec:
 Dell R9004 x intel Xeon x7350 2.93 Ghz4 bankjes met 4 x 2 GB RAM (32 GB totaal)2 x Dell 100 GB 7200 rpm SATA HDD1 x 1100 watt PSU
 Gaat weg tegen elk aannemelijk bod. Paar tientjes voor de onderdelen zou al leuk zijn..

Brengen is mogelijk, indien de afstand redelijk.
