

# Tuinposter 200 x 309 cm (h x br.) (114,35 EUR)

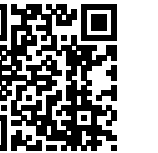

Locatie **Noord-Brabant, Eindhoven**  
<https://www.advertentiax.nl/x-1467695-z>

Een van onze prachtige tuinposters. Voorzien van zeilogen. Onze prijs is excl. verzendkosten. Vele leuke afbeeldingen op hoogte van 200, 180 en 150 cm. Vanaf 1 januari 2020 leveren we onze tuinposter niet alleen op Frontlit materiaal, maar hebben we ook een nieuw materiaal met de naam Bonanzo.

Dit nieuwe materiaal heeft de volgende pluspunten:  
 Sterkere kleurkracht en licht absorberend waardoor de kleuren niet reflecteren in het zonlicht.  
 Water afstotend en vouwbaar, waardoor opslag in de winter periode gemakkelijker is.  
 Wasbaar op een temperatuur tot 30 graden.

Zie ook onze andere advertenties.  
 Wij leveren ook: foto behang, behangcirkels, textielframe en foto op paneel.  
 Afmeting kan eventueel aangepast.

|                                                                                                                                                                                                                                |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |
