

# Sony Z5 Compact

Locatie **Zuid-Holland, Schiedam**  
<https://www.advertentiax.nl/x-1468657-z>

Hij is eens opengemaakt om nieuw frontje op te zetten. Werkte altijd maar scherm was defect en helaas deed hij niks met nieuwe beeldscherm (Uit china) dus waarschijnlijk zijn er nog veel, zo niet alle onderdelen die prima werken maar heb er geen verstand genoeg van al heb ik wel eerder eentje gerepareerd deze keer niet gelukt..  
 Dus doe een bodje voor onderdelen of handige

|                                                                                                                                                                                                                       |                                                                                                                                                                                                                        |                                                                                                                                                                                                                        |                                                                                                                                                                                                                        |                                                                                                                                                                                                                         |                                                                                                                                                                                                                          |                                                                                                                                                                                                                          |                                                                                                                                                                                                                          |                                                                                                                                                                                                                          |                                                                                                                                                                                                                          |
