

# Hyundai I 10 1.25 I 5DR 2010 Blauw (2.850 EUR)

Locatie **Gelderland, Borculo**  
<https://www.advertentiax.nl/x-1469783-z>

Bouwjaar: 2010  
 Eigenaar: tweede eigenaar  
 Tellerstand: 185 469 km (nog lopende)

Auto is fijn in gebruik. Het interieur van de auto is in redelijke staat. Op de foto's is wel te zien waar gebreken zijn in het interieur, een aantal krassen/beschadigingen. Ook aan de buitenkant van de auto zitten hier en daar krassen/beschadigingen. De auto willen we graag verkopen omdat we graag voor een ruimere auto willen kijken. De auto heeft geen.

|                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                          |
