De HTC Touch, ook bekend als de HTC P3450 of de HTC Elf is een smartphone die geproduceerd is door HTC. Het draait op Windows Mobile 6.1 Professional met de grafische schil TouchFLO die door HTC ontwikkeld is. De wereldwijde release van de HTC Touch was in Leicester Square in Londen op 5 juni 2007.[1] De Touch was aanvankelijk verkrijgbaar in het zwart en groen.[2] Het toestel werd in diverse landen onder verschillende naam uitgebracht, zoals de Verizon Wireless XV6900, T-Mobile MDA Touch, O2 XDA Nova, Okta Touch en de Vodafone VPA Touch.
