

## Prins 550 consoleboot met trailer (15.750 EUR)

Locatie **Noord-Holland, Wervershoof**  
<https://www.advertentiax.nl/x-1474948-z>

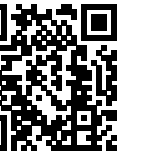

Hele nette Prins 550

Goed varende boot de Evinrude loopt mooi stil en als je rustig vaart erg zuinig in verbruik. Zet je het gas erop gaat hij er indrukwekkend vandoor op vlak water makkelijk 60 km per uur maar ook op ruw water een zeer goede boot geschikt voor kustwater en ijsmeer.

De bijbehorende trailer is voorzien van extra kielrollen met 1 duwtje ligt hij in het water. Verlichting en remmen werken goed. Lagers onlangs opnieuw in het vet gezet.

Evinrude 90 pk injectie 550 uur gelopen  
 Electrische Start, Trim & Tilt  
 Zonnedek voor kan omgebouwd worden naar rondzit met tafel.  
 Opbergruimte in console met ruimte voor chemisch toilet.  
 Origineel dekzeil  
 Zelflozende kuip  
 Zwemtrap  
 Originele trailer geremd!  
 Diepte meter Fishfinder

Trailer met 2 snelheden lier.  
 2 remmen en handvast.  
 Boot staat binnen in droge.

|                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                     |
