

Suzuki SV650s met diverse (gsxr) mods. (3.250 EUR)

Locatie Drenthe, Assen  
<https://www.advertentiax.nl/x-1478126-z>

Mijn man verkoopt zijn motor

Nette en goed onderhouden SV650s met diverse modificaties.  
Geen knutselwerk, motor ziet er uit alsof hij zo uit de fabriek is gekomen.  
Deze liefhebbersmotor rijdt, stuurt en remt snaarstrak, ik heb er de afgelopen 6 jaar met veel plezier op gereden en doe dat nog steeds.

SV650s  
Bouwjaar 2006  
KM stand 40k

Modificaties:  
GSXR 750 K6-7 Voorvork (compleet)  
GSXR 750 K4-5 (aangepaste) kroonplaat (i.v.m. stuurslot)  
GSXR 750 K6-7 Achterwiel met 180er band (met custom spacers e.d.)  
Offset voortandwiel 6mm van VVMRacing, kant en klaar te bestellen, dus geen issues mocht hij vervangen moeten worden.  
LSL clip-ons  
Verstelbare CNC koppeling en remset.  
Ingekorte LeoVince SBK uitlaar (incl dB killer)

|                                                                                                                                                                                                                               |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                  |
