

# Cost Estimator

Locatie **Zeeland, Terneuzen**  
<https://www.advertentiex.nl/x-1482049-z>

For one of ur customers we are in search for a Cost Estimator

## Bedrijfsomschrijving

Nouvall Engineering Services is specialized in project support for the (petro) chemical and maritime industry. We provide expertise in the field of Engineering, Project Management, Maintenance, Shutdowns, Construction and Safety.

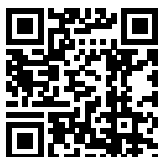

## Functieomschrijving

### The Cost Estimator:

Prepares estimates for new projects  
Collects and analyses data in order to estimate project costs and man hours required  
Calculates, analyzes, and adjusts estimates and recommends ways to reduce costs  
Maintains records of estimated and actual costs.

## KEY ACCOUNTABILITIES

<p>Reviews offered specifications of budgets in collaboration with the Proposal Engineer and on the basis of project specifications</p> <p>Requests for manhour costs for projects at internal departments</p> <p>Assesses quotations from suppliers and manhour costs offered by internal departments</p> <p>Sets up and maintains a database with the prices and with technical and purchasing information for the internal budget calculation</p> <p>Calculations and refinements within the activities and procedures</p> <p>Identifies internal information and material for cost reduction</p> <p>Analyzes cost incurred costs in projects from project key figures and cost generated</p> <p>Works with stakeholders through the project process to achieve market competitive project pricing</p> <p>This includes coordinating with the purchasing department and providing support to commercial colleagues by providing expert knowledge in the field of both calculation and ship building developments</p> <p>Contributes to the further development of the P&amp;P department</p> <p>Ensure HSEQ policies and procedures are understood and followed to ensure a safe and healthy work environment</p>	<p>Reviews offered specifications of budgets in collaboration with the Proposal Engineer and on the basis of project specifications</p> <p>Requests for manhour costs for projects at ## Functie-eisen

A bachelor degree in a technical relevant field (i.e. naval architecture, mechanical engineering or another relevant technical study) or a secondary vocational technical education with extensive experience in cost estimation. Experience in budgeting and planning in capital goods. Having experience in the shipbuilding industry is considered a plus. Up-to-date awareness of sector trends and activities, covering not only calculation, but the wider ship building industry is considered a plus. Good command of the Dutch and English language (written and verbal). Open to travel long distances and work abroad.

## Arbeidsvoorwaarden

Longterm possibilities and intention for permanent contract.
