The Hydro Shoot series out of the Revision R2.00 is an affordable grow box for beginners and growers with a limited budget, or can be used alternatively as a perfect additional box for the experienced gardener.

Despite its affordable price, the quality of the product is high and has a good price-performance ratio.

The door of the box can be opened or closed with a zipper and can be furled and fixed, as required. For an optimal illumination we suggest 6x HPS 600 Watt or 4x HPS 1000 Watt .

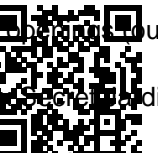

The box features stable zippers and robust bearing tubes, which carry up to 15 kg. The internal coating of the tent has an amazing reflection factor of 98% (Mylar 210D). Furthermore the Hydro Shoot Box is, of course, 100% lightproof.

Technical Data Hydro Shoot 300:

Measurement: L300 x W300 x H200 cm

Diameter bearing tubes: 19mm

1 door (closable by zipper)
