Hierbij zet ik mijn handgeschakelde pre-facelift FBO E92 335i uit 2006 te koop. De auto heeft veel smaakvolle aanpassingen van totaal 20k+ EUR alleen aan onderdelen met als doel een OEM+ uiterlijk en gevoel te behalen. Er is niet bespaard op aftermarket onderdelen of onderhoud en dit is terug te zien in de staat van de auto, zowel motorisch als binnen en buiten. Het onderhoud is exclusief door een BMW specialist uitgevoerd. Verder is de auto voorzien van old-school hydraulische stuurbekrachtiging waardoor het sturen veel zwaarder en directer aanvoelt dan de vaker voorkomende elektrische Servotronic stuurbekrachtiging. De auto is als weekendauto en sporadisch voor road trips gebruikt. Mooie woorden doen deze auto geen recht; zie zelf waar het om gaat:

ENGLISH:

Hereby I am putting my manual pre-facelift FBO E92 335i from 2006 up for sale. The car has had a handful of tasteful modifications totaling 20k+ EUR of parts alone with the purpose of an OEM+ look and feel. No aspect of the car has been cheaped out on and this can be seen from the state of the car, both performance and interior/exterior wise. The maintenance has been exclusively done by a BMW specialist. Furthermore, the car is equipped with old-school hydraulic power steering which makes steering much heavier and more direct compared to the more common electric Servotronic steering. The car has been used as a weekend car and sporadic road trips. Fancy words don't do this car justice; have a look at the car's complete mod list above.

The car is being sold with the MHD adapter, account and the purchased licenses. In case of serious interest please contact for a viewing.

Misc: original NL car, damage free, rust free, smoke free, no pets, no CEL or error codes, no iDrive, completely black interior incl. roof, leather sports seats, sunroof, not a track car, top speed limiter removed, most original parts available, spare tire included
