Used but in great condition Mi 10 Ultra. This was the flagship phone and is still amazing with 5G, a powerful processor and best in class camera. Charging from 0 to full in 15 minutse with its 120W charger.

The screen and back are like new and completely scratch free.

I used it for about a year but don't need it anymore. There are a few small scratches along the metal frame, but these are small, and cosmetic. The only downside is that the fingerprint scanner doesn't work, so you need to use a PIN or face unlock. Otherwise it works perfectly and is fast enough for everyday usage.

Comes with 120W.
