Vanclaes Gyro 650-1800 Full Option RVS boottrailer

Lengte: 6.5 meter  
 Breedte: 2.10 meter  
 Gewicht: 365 KG  
 Laadvermogen: 1435 KG

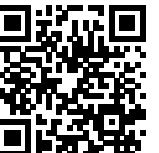

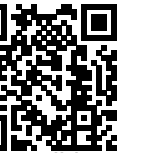

Speciale uitrusting:

GYRO systeem: centreert zelf op elk type boot  
 Schijfremmen met remklauwen ipv trommelremmen  
 14 inch aluminium velgen  
 Schokdempers  
 Brede loopplank  
 2x lage opstap  
 2x hoge opstap  
 Elektrische lier met afstandsbediening  
 Lierpaal met verstelbaar gatenpatroon  
 Dynamische LED verlichting ipv standaard LED

Verlichting in lengte en breedte verstelbaar  
 2x V55-buckle met 2x vast en 2x afneembaar  
 2x 100W LED dissel  
 2x 100W LED Nano-LED beschermlicht

Werkelijk in nieuwstaat en voorzien van alle mogelijke opties, deze luxe RVS trailer die in zeer korte tijd  
 op elk type boot kan laden zonder zelf te hoeven afstellen. Moten tot 6.5 meter passen hier prima op. De  
 upgrade naar schijfremmen is een wereld van verschil vergeleken standaard trommelremmen! Dit is de  
 zwaarste uitvoering in enkelas wat een stuk makkelijker manoeuvreert vergeleken een dubbel assen.

Prijs is exclusief

|                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                        |                                                                                                                                                                                                                                        |
