Product Description

The Samsung Galaxy Tab A8 is the successor to the successful Tab A7. The Galaxy Tab A8 is packed with features optimized for your daily routine. The Tab A8 has a 10.5 inch display and is only 6.9mm thick.

The screen recording functionality allows you to review missed lectures. Thanks to the improved chipset, the 10.5-inch display and the quad-speaker system from Dolby Atmos, the Tab A8 provides an immersive entertainment experience. A 7,040 mAh battery is used for a long battery life. In addition, the tablet is extremely suitable for children with the Samsung Kids platform.

entertainmentexperience

The Samsung Galaxy Tab A8 has a 10.5-inch WUXGA display. This screen provides a vibrant and immersive experience. The improved chipset provides a faster, seamless app and gaming experience. A quad speaker system from Dolby Atmos is used. These speakers provide a nice clear sound.

Samsung Kids

Let your child play on the large 10.5 inch screen and develop good habits with various games specially made for children. As a parent, you can set play time limits, select what content they can access and view usage reports.

Creative and educational content

The Samsung Kids app helps children develop their skills. The app includes a variety of educational content for children of all ages. This way, your child can learn to draw, make music, design and more. The app also includes a coding section for a fun and educational experience.

The Samsung Galaxy Tab A8 has a battery of 7,040 mAh. With this large battery you can enjoy your favorite content for an extra long time. If the battery is empty, you can charge up to 15W by means of Fast Charging. Thanks to the Fast Charging option, your Tab A8 is fully charged again in no time.

Camera

The Tab A8 has an 8 megapixel main camera on the back of the device. On the front of the device is a
