

**VW RCD360 Pro Nieuw - CarPlay Android Gratis inbouw (250 EUR)**

Locatie **Utrecht, Nieuwegein**  
<https://www.advertentieux.nl/x-1504770-z>

Nieuw in verpakking RCD360 Pro en is kwestie van plug and play. In te bouwen in bijna alle Volkswagen modellen zoals Golf, Polo, Caddy, Tiguan, en meer.

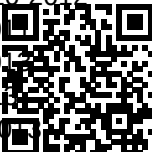

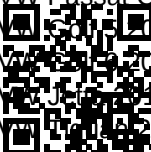

Met vele functies biedt de radio de mogelijkheid om vele handelingen handsfree uit te voeren. Denk aan bellen, WhatsAppen, Flitsmeister, navigatie en het afspelen van berichten en media.

Radio werkt niet met originele camera!  
Maar wel met originele parkeersensoren (PDC).

RCD360 Pro plus CarPlay is een handsfree radio met een uitstekend touch screen scherm. U kunt uw telefoon aansluiten op de radio. Hierdoor is het mogelijk om media af te spelen en belfuncties te gebruiken. Daarnaast kunnen Apple-gebruikers CarPlay gebruiken, zodat je handsfree apps als WhatsApp, Google Maps, Flitsmeister en Spotify kunt gebruiken. De portofoon ondersteunt MirrorLink voor Android-apparaten.

- Opsturen is mogelijk, verzendkosten zijn voor de koper.
- Gratis inbouw indien gewenst

Past in de volgende modellen:  
VW Passat 2010-2013

|                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                              |
