

## Ligplaats te huur, privhaven aan IJsselmeer Lelystad 12x4m

Locatie **Flevoland, Lelystad**  
<https://www.advertentiax.nl/x-1506002-z>

In een rustige privehaven gelegen in Lelystadse woonwijk Parkhaven verhuren wij onze ligplaats van 12x4m.

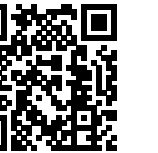

Vanaf deze locatie vaar je rechtstreeks het IJsselmeer op of bereik je het Markermeer door op slechts enkele 10-tallen meters verderop door de sluis te varen

Periode 1 april '23 tot 1 nov '23 => €950,-\*  
 Periode 1 april '23 tot 1 april '24 => €1200,-\*

Prijzen exclusief gebruik water en stroom (jaarlijks op narekening).

De ligplaatsen bevinden zich in een privé binnenhaven waar veel controle is van omwonenden.  
 Overnachten in de haven is niet toegestaan.  
 In- en uitladen van materiaal kan vlak bij de stijger.  
 Parkeren op 150m mogelijk.  
 Geen mogelijkheid tot het weggooien van restafval in de haven.

Gelegen aangrensend aan fullservice jachthaven Deco Marine.

|                                                                                                                                                                                                                                                                   |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                      |
