Original Dutch Civic Type R GT with a service history at Honda dealers.
 Car has mods worth 3000 Euros that push it's power to 350 HP.
 Power is within very safe margins.

Mileage is around 128,000 KM, no minor or major service necessary because they have been all done.
 Mechanically it is perfect and optically it is very good.
 Photos were taken Saturday, the 15th of April 2023.

Car has been kept in a private heated underground garage where you can see it. Test drive is possible only for very interested and experienced drivers.
 I repeat, car does not need any investments of any kind. Just gas.
 Price is somewhat negotiable if you insist.
